

TANK LINING

ISO 9001:2000
AS9100 rev B Aerospace Approved Coater

ACL coating waste water treatment tanks with high performance tank linings and exterior coating multi coat systems

**The most technologically advanced powder and liquid coating facility in North America
Certified for pipe coating, tank lining, architectural aluminum, fluid bed and electrostatic
applications**

Architectural aluminum approved, AAMA 2603, 04, 05

35-ton crane capacity

Extensive coating testing lab

Mobile blast and coating services

Multiple wheelabrators, airblast rooms and chemical pretreatment

70,000 square foot facility

U.S. Military approved

Plural component 100% solids liquid epoxies

Onsite engineering/CAD/Solidworks

Thermal Arc Spray Metalizing

Robotic powder applicators ensuring repeatable quality
